

Limu @ WCC

Learn about the superpowers of algae and its benefits to Hawai'i

Windward Community College opens the Kia'i Loko Center for Limu Research with the first in a series of classes dedicated to earning a certificate in algae culture. We're training the next generation of Native Hawaiian STEM professionals knowledgeable in aquaculture, and limu ecology and production!

New at WCC!

BOT 197 Introduction to Algae ONLINE and tuition FREE!

Apply by August 1 for fall classes. For more information, email Instructor Jolie Dollar at: jolied@hawaii.edu
